Winsome Series

The Winsome color have linear veins with a distinct direction. The variation with in each color is subtle with soft contrasts moving in and out of the pattern. These colors were selected specifically to support commercial design palettes in addition to having residential applications. The natural shades are versatile and can be paired with a wide array of colors. Thought should be given to laying out the linear design for "L" shaped countertops.

Platinum Series

The Platinum colors, like the fusion colors, have multi-directional veining. However Platinum colors have more pigmentation to create richer presentation. The bold look of the platinum colors can be used as a focal point or mixed with other contrasting designs.

Daily Care

การดูแลรักษาผลิตภัณฑ์พื้นผิวโลหะ

Each product created from advance cast stone technique. It is easy to clean. Its fresh and hygienic appearance can be maintained by soapy water or ordinary detergents to remove most stains and dirt that deposited on the surface.

Removing minor stains and scratches.

Because the solid beauty of TRUSOL goes all the way through, minor superficial damages, such as scratches and stains can be repaired and restoring the original beauty of the surface by using Scotch-brite or sanding paper. For larger defect and repairs, please contact us for assistance.

Preventing Damages.

In most case minor damage can be repaired. However be sure to follow the guidelines here to prevent any permanent damage.

Avoid exposing to strong and highly concentrated chemicals, such as paint removers, oven cleaners, acetone, acid drain cleaner or any cleaner containing methylene chloride etc. Surfaces exposed to these chemicals should be promptly flushed with water, contact may cause spots that may require extensive repairs.

Product surface should be kept clean. Tea, red wine and coffee stains should be removed immediately.
